We provide the highest quality products and services, specializing in natural gas measurement and control, the damage prevention of underground utilities and gas odorization.

Measurement & Control

Honeywell Diamond Channel Partner

Honeywell Elster
- Ultrasonic Gas Meters
- Rotary Meters
- Turbine Meters

Honeywell Process
- Axial Flow Valves
- Safety Shut-Off Valves
- High Pressure Regulators

Mercury Instruments
- Electronic/Mechanical Correctors
- Recorders
- Flow Computers
- Data Services

Featured Measurement Team Partners

Water Meters
- Diaphragm Meters
- Sub-Meters

Appliance Regulators
Pulsers, Instrument Filter Dryers, Filters, Strainers, Scrubbers, Gas Seal Tape, Catalytic Heaters, Pete’s Plugs, Insulating Flange Joints

Prefabricated Meter Sets, Meter Brackets, Posts, and Manifolds

Thermal Mass Flow Meters

We provide the highest quality products and services, specializing in natural gas measurement and control, the damage prevention of underground utilities and gas odorization.
Utility Contractor
Operator Qualification Training
Corrosion Protection Services
Leak Surveys
Pipeline Patrolling
Laboratory Installation Services

Natural Gas Odorization
Environmentally Responsible Odorant Injection Systems

Featured Damage Prevention Partners

Valve Lubricant, Sealant, Cleaner, Valve Lube Guns and Fittings
Mobile and Walking Gas Leak Detection Equipment Using Laser Spectroscopy or NDIR. Multi-Gas or Methane Selective, Emissions Monitoring
HDPE Electrofusion Fittings, Mechanical Fittings, Repair Fittings, Polyethylene Valves
Tracer Wire Connectors
Utility Marking Products

Value Brands
Cantesco / Kemper
ECSI
Jomar Valve
Muir Omni Graphics
Rhino Markers
Shawndra Products

Other Products
Bypass Meters
Gas Filtration
Leak Detection Solutions
Marking Systems
Locating Equipment
Valves and Accessories
